REPLY TO FINAL REJECTION

Sir:

In response to the final rejection mailed September 7, 1999, please amend the above-referenced patent application as follows:

In the Claims:

Claim 9, line 9, after "and a second" delete "functions" and insert in lieu thereof --function--.

Remarks:

The amendment to claim 9 is merely made to correct a typographical error therein. Thus, the amendment should be entered.

Reconsideration of the rejection of the remaining claims is respectfully requested. Claim 1 calls for a method of creating a first object having a first identifier, the first object associated with a first client. A second object is inserted having a second identifier, the second object associated with
